SUMMARY

I'm a Web Developer skilled in HTML, CSS, JavaScript, React, and Redux, with hands-on experience in dynamic animations using GSAP and Scroll Trigger. Passionate about building responsive, user-friendly, and performance-optimized web applications with clean, scalable code.

EDUCATION

Bachelor of Technology, Electronics & Telecommunication Engineering	7.4 CGPA
Shri Shankaracharya Institute of Professional Management and Technology	July 2018 – July 2022

SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS.
- **Backend:** Node.js, Express.js, MongoDB.
- **Animation Tools:** GSAP, Scroll Trigger.
- **Developer Tools:** Postman, Git, GitHub, Netlify, Render, GenAI.

PROJECTS

AlphaVoice

[GitHub Link](#) [Live Link](#)

- Developed Alpha Voice, a voice-activated AI assistant that processes spoken commands to open websites and perform Google searches.
- Utilized the Web Speech API for speech recognition and synthesis, enabling a seamless hands-free experience.
- **Technology Used:** HTML, CSS, JavaScript, Web Speech API, Speech Recognition, Speech Synthesis, API Integration.

NiceAtNoon Boutique

[GitHub Link](#) [Live Link](#)

- Developed an interactive website for Nice at Noon Boutique using GSAP, integrating high-performance animations.
- Implemented smooth transitions and engaging hover effects to enhance user experience.
- **Technology Used:** GSAP, Web Animation, Interactive UI, Performance Optimization, Frontend Development.

Product-Showcase

[GitHub Link](#) [Live Link](#)

- Developed a responsive Product Showcase app using React, Context API, and a fake product API, ensuring cross-device compatibility and seamless user experience.
- Used React Context API for state management and designed an interactive UI with filters, search, and dynamic product display.
- **Technology Used:** Development React, Context API, HTML, CSS, JavaScript, API Integration, UI/UX Design, Responsive Web Design.

TRAINING & CERTIFICATIONS

MERN Stack Developer Training

Sheryians Coding School, Bhopal, MP

July 2024 – April 2025

- Trained in MERN Stack (MongoDB, Express, React, Node) with experience in frontend development using React, Tailwind CSS, and JavaScript. Developed authentication systems, API integration, and CRUD operations.
- Gained practical experience in React for building responsive, dynamic user interfaces and connected apps to MongoDB for database management.
- Hands-on experience with Git, GitHub, and deployment on platforms like Netlify and Render.
